Keep an eye out for the Living Wage Certified Logo in businesses around town!

Just Economics of Western North Carolina (JE) is a regional, membership organization based in Asheville, NC. Our mission is to educate, advocate, and organize for a just and sustainable economy that works for all in Western North Carolina.

JE was born out of the Asheville-Buncombe Living Wage Campaign, an effort that initially began in 2000, but took root in 2006. This coalition of faith, labor, and community groups succeeded in passing the first living wage ordinance in our region, which guarantees Asheville City employees a living wage.

In 2007, Just Economics became the organizational home for the Asheville-Buncombe Living Wage Campaign. We raised funds for an office and staff, and—with support from foundations, local organizations, and a growing membership—we are running an expanded living wage campaign and becoming an effective voice for economic sustainability and justice in our region.

If you have any questions or would like more information about our Living Wage Certification Program, please contact us:

Phone: 828.505.7466

Email: info@justeconomicswnc.org
